

The Guru Krupa Foundation (GKF) is a private foundation incorporated in the state of New York. The purpose of the foundation is to fund several charitable causes...

EDUCATION COMMUNICATION AND DEVELOPMENT TRUST that runs CHAKKRAVATHY VIDYALAYA NURSERY AND PRIMARY SCHOOL supported rural poor children to continue formal education and develop their carrier. Our partnership has a history of ten years with the continued supported and undertaken following project activities....

- ❖ The Chakkaravarthy Vidyalaya school in partnership with Guru Krupa Foundation – USA promote formal education for rural poor children. EDUCATR Trust is proud to announce that for the from 2019 -2014 to 2021-2022 , the Gurukurpa Agency has provided wide range of assistance to poor children , parents and the school.

- ❖ The first thing that helped us to replace the old vehicle was a to buy a new school vehicle
- ❖ Next the agency lovingly donated sports equipment to the students to build a new building for the Chakkaravarthy Vidyalaya school
- ❖ It also helped to set up the Purified Water Planet with good intention that students have access to clean drinking water and to set up a library in the library for children with poor children to study and develop.
- ❖ Our area has been badly affected for the last two years due to the widespread Corona, school has not been open for the last 19 months , students and parents were in great distress at that time .
- ❖ To our school students and parents were affected during the Corona period. Respected Mr. Mukund Padmanaban not only helped the affected children and parents but also the faculty of the faculty.
- ❖ Mr .Mukind helped a great deal in providing a necessary food item for the students and parents and also paid him the school fees of the students.

## Major Programmes:

### Online Education Programme and establishment of digital class room:

At this present situation, the usual formal education programme and teaching will not take place immediately as the instructions are given by the Government. We are all getting into new method of learning and teaching through “ONLINE EDUCATIONAL PROGRAMME. With the support of “GURU KRUPA FOUNDATION – USA, EDUCATR started “ENHANCING DIGITAL UPGRADATION OF CLASSROOMS AND TRAINING FOR E-LEARNING”. All our teachers are so far trained with the direct teaching with the children. The new method of online teaching is new to us. At the first phase we started the practical learning sessions for teachers. All needed equipments such as 02 Computers, 01 Digital Video Camera, 01 Digital Screen, 02 Smart Mobile Phone and Wi-Fi system along with two laptop with organization contribution has been procured. Teachers have been well adopted to this new way of teaching methods after the training.

### Training programme on ONLINE Teaching Methods to Teachers:

EDUCATR adopted to the new methods of online teaching for the betterment of students at this COVID 19 Period. At the first step, all the 10 teachers are provided training on online teaching methods from 03 Aug – 07 Aug 2020.

The online teaching methods are trained by Mr. S. R. Premkumar from C.S.I Computer Centre, Usilampatty and Mr. R. Jeganathan from OMEGA COMPUTER CENTRE, Usilampatty. All the 10 teachers are trained in operation of computer and laptop, preparation of teaching materials, presentation and developing explanation skills for the understanding of students

### **Psycho Social Care Programme for Teachers and Students:**

All educational Institutions including the “CHAKKRAVARTHY VIDYALAYA NURSERY AND PRIMARY SCHOOL run by EDUCATR has been closed from 24 March 2020. The impact of lockdown period among children and teachers are unpredicted and brought stress, depression and loneliness.

EDUCATR has planned to ensure the normal attitude and the same fresh mind for learning conducted two days PSYCHO SOCIAL CARE PROGRAMME for Students and Teachers. The two days programmes were conducted on 06 and 07 Aug 2020. Mrs. Lakshmi Pratheep, the YOGA Master from Usilampatty has been invited to conduct the programme. The programme included Yoga and Medication and Physical Exercise and given instruction of simple exercises to be practiced at home to keep them relaxed and overcome any stress and depression.

### **Ensuring Preventive Care at this COVID 19 situation:**

EDUCATR has invited the children in bathes to the school last week and provided each child 04 sets of masks and given the instruction for teachers and students for the use of sanitizer frequently whenever they go out and come back to their houses. All students are given orientation on personal hygiene, hand wash, wearing of masks and apply sanitizer.

### **Maintaining Hygiene and Prevention at the School Campus:**

EDUCATR planned to maintain good hygiene at the class room and getting ready for online education programme. Since the class rooms are kept locked since 24 March 2020 a mass cleaning of class rooms are conducted and applied sanitizer for the protection of teachers and students. EDUCATR will periodically follow this practice and keep sanitizer for teachers and students at each class room. All the teachers and students are given the instruction to come to the school wearing masks every day.

Now the teachers continue their online classes with the clean environment. EDUCATR taken at most care to keep the school premise always clean and a safe place for teachers to continue their classes. Every weekend all classrooms are cleaned and applied sanitizer liquid.

### **Conducting sports, talents shows and cultural events.**

EDUCATR takes serious concern for the children after the post COVID 19 PANDEMIC situation to engage them with sports, talents shows and other cultural events. Sofar we have conducted 06 events including the recent National Republic day celebration on 26 Jan 2021.

**Children get-together with their parents**
